

NBN 1250GB 25/5 Mbps

Information About the Service

The service:

NBN 1250GB 25/5 Mbps is an internet service operated through the National Broadband Network. The National Broadband Network is an Australian Government initiative designed to provide fast reliable internet to Australian's.

The service can be delivered through various technologies depending on your property's location, the selection of the technology to be used in your area is decided by NBN Co, the body which oversees the NBN.

Bundling:

This service is not part of a bundle, it is a standalone service.

Mandatory components:

You require an NBN compatible router to be able to use your service. You can use your own router if it is compatible with your service. Alternatively, you can also purchase a router from us. Our routers are from a selected range which are compatible with our networks.

Minimum term:

The service is available with a minimum term of 12 months or 24 months.

Important Conditions:

This service is only available in certain areas where NBN has been rolled out.

Once your data allowance has been used, excess charges apply.

Your service will be able to achieve speeds up to 25Mbps Download and 5Mbps Upload. Speed is not guaranteed and can be affected by multiple factors including, but not limited to, hardware used, congestion on the network or the number of devices connected to your local network.

No Fault Found Charge: Any faults reported which turn out to be false will be charged a no fault found charge of \$200 for the first 2 hours and \$100 per hour thereafter.

Order withdrawal charge of \$150 is applied on all orders withdrawn. If the order is in the processing or provisioning stage, the full termination fee will be charged.
